

## ASICS MAVS and KC Extreme Merge!

ASICS MAVS and KC Extreme are both very excited to announce the merger of the two clubs. Club directors and staff will be working closely in July to coordinate teams, players, coaches and staffing duties. We plan to offer 18 ASICS MAVS teams ages 11-18 on the Kansas side and 12-15 Extreme MAVS teams ages 11-18 on the Missouri side. We have secured facilities for both clubs to use and hope to coordinate a sharing of facilities to foster a cohesive bond between the two groups.

Both clubs will continue to offer highly competitive teams with ASICS MAVS Blue teams fielding the most competitive team. We anticipate offering a large number of opportunities for girls to play volleyball and the combination of forces will only enhance the experience. ASICS MAVS and KC Extreme have both raised the level of volleyball in Kansas City and with the merger intend to raise the level even higher.

Look for more announcements and volleyball opportunities throughout the summer on both websites. In the fall all information will be migrated to [www.mavskc.com](http://www.mavskc.com).

Please contact [David Beach](#), [Kathy Bates](#), or [Amy Drawe](#) with questions or seeking more information. Current HOA recruitment policies will still apply until August 31, 2011 so all current MAVS players need to contact MAVS administrators and all current KC Extreme players need to contact KC Extreme administrators.
